

GMQG MYSTERY QUILT 2009

Quilt size approximately 48" X 64" without borders.

Fabric requirements are given using $2\frac{1}{2}$ " X width of fabric strips. However, you may use scraps.

You will need 28 background strips and 28 print strips.

This mystery quilt can be done in 2 colors such as yellows for background and blues for prints. Plaids and balis would also look nice. The thing to remember is that there needs to be contrast between your background fabrics and print fabrics.

First cutting and sewing directions given at October meeting.
