

GMQG MYSTERY QUILT 2009

There are various piecing options. Choose the one you prefer or that which best suits your fabric.

Option 1 - Rolling Stone. This block is made by adding 4 dark rectangles to a 4 patch for one block and adding 4 light rectangles to a 4 patch for another block. Note placement of triangle. When joining blocks together, alternate light and dark.

Option 2 - Star. This block is made by adding 4 dark rectangles to a 4 patch for one block and adding 4 light rectangles to a 4 patch for another block. Note placement of triangle. When joining blocks together, alternate light and dark.

Option 3 - combine options 1 and 2.

To make the blocks, one must use partial seams.

Partial seams - when adding the first rectangle, stop about 1 inch from the edge of the 4 patch. After sewing on the 3 remaining rectangles, sew the partial seam closed to complete the block.

For all options, blocks are joined 6 across and 8 down. Borders are up to the individual.
